

Growing up in Australia

Grass growing in my back yard.

Rabbits running to their burrows.

Owls sleep at day and are awake at night.

Water whooshing down Murrumbidgee River.

Insects here and there and mozzies everywhere.

Noises of crickets during the night.

Gardens growing each day as we play.

Under the bridge, swimming in the creek with brothers.

Pork is crackling at an Aussie family B.B.Q.

In the bush, looking at native animals.

Near the billabong, listening to Slim Dusty singing songs.

Australia Day is the best, having an Aussie B.B.Q.

Up the coast at the water parks having so much fun.

Summer's hot so I don't mind going down to the pool.

Tough weather - HOT summers COLD winters.

Racing down to the billabong with my brothers.

Australia Day so much fun playing back yard cricket.

Listening to music at Carols in the Park.

Isn't it fun opening presents on Christmas Day.

Australia is my home and I love it.
