

GROWING UP IN AUSTRALIA

Getting in the pool to cool down

Racing to town to grab the last snags and bread

One by one we slap them on to the barbie

Wishing it was winter

I say, "Come on, come and jump in the pool."

"No," says dad, "the snags will burn."

Grandma just got here. "Go say hello, dear."

Up jumps dad and grabs the Aerogard.

"Put some on or the mozzies will eat you alive!"

In three days we are going to the river

Nan is coming, too, so I am so excited.

All sorts of things we do to help Australia be a good place to live

Up goes the flag on Anzac Day

So many soldiers go to war and put their lives in danger to keep us alive

The Aussie spirit is what we have

Respect, sadness, happiness - we all have it

Australians have Clean Up Australia Day

Lots of people pull together to make Australia proud

I love living in Australia where we have fun

AUSTRALIA IS THE BEST PLACE TO BE!!!!
