Principal's News

Students and staff continue to be busy learning and organising many exciting events this term. One of the events will be swimming for students and a note will be sent home soon to ask all families if they are still interested in their child/ren participating. We have been fortunate enough to have a subsidy from the P&C for the bus as well as financial support through the Schools Swimming and Water Safety program funding, however there will still be a cost for families. This cost will cover pool entry and the hire of the bus. We have always encouraged students to participate in this worthwhile program in preparation for children swimming during the Summer to keep our students water safe. We must have all families committed if we are to go ahead with the planning of this event.

The P&C are also busy organising their main fundraising event for the year, Ladies Day, on Saturday 5th November. Thank you to all involved with the preparation of this event. It should be a great day out for those who are able to make it. MPS have a very proactive P&C and the support of funding that is provided to the school is very much appreciated as it makes a big difference to every students education.

Next week I will be in Sydney attending the State Principals Conference. If you need to contact me before this feel free to phone me some time this week.

Many thanks,

Kerri McPherson

It's in the Bag- Spread some joy this Christmas

The Coolamon Library is again involved in this appeal. This is an annual event where we encourage our community to put together a handbag filled with essential items for women, teenage girls, mums and bubs. The bags are then donated to someone in need for Christmas. A list of suggestions for the items are available at the Library. The Library will be collecting these bags in the month of November.

Lego Club

Lego club will start up again after the holidays – it is held on Wednesday afternoons from 4.00pm – 5.00pm and then on Saturday mornings from 10.30am – 11.30am. The aim of the Lego Club program is for children to have fun, learn to communicate with others and to develop problem-solving skills.
